Popular Conductor Goes Insane.

Judge E. B. January yesterday afternoon received a telephone message from Richmond to the effect that Mr. Phil Price, one of the most popular conductors on this division of the Louisville & Nashville railroad had suddenly become mentally deranged and that he was in a very serious condition.

Some time ago Mr. Price underwent an operation at the hospital at Richmond and had removed from his face a small piece of a bullet with which he was wounded several years ago. The injury had given him much trouble in the past two years and upon the advice of his physician underwent the operation with the hope of securing relief. In a short time following the operation Mr. Price had recovered sufficiently to leave the institution and resume his duties on the railroad, and was apparently much benefited by the treatment he received at the hospital. His illness at present is believed to be the result of the old injury. Mr. Price is an Odd Fellow and a member of the Knights of Pythias, and is also prominent as a member of the local chapter of the O. R. C.

Michael's Band For The Fair.

Those who attended the Bourbon Fair last year will remember what a distinctive feature the music was during the week and those who will attend this year will be favored with the same delightful programs that added to the pleasure of each day of the fair.

The fair society has secured the services of Michael's Concert Band, of which George Michael is the director, for the entire week, beginning September 3, and Miss Wilhelma Hamann, the popular soloist.

For the past several years the music at the Bourbon Fair has been one of the most delightful features and the return engagement of the band under the famous director insures a daily program unsurpassed in excellence.

Arrested In Covington.

Major Head, a negro, was arrested in Covington on a charge of loitering and is being held for investigation. It is the belief of the police of that city that Head may be able to throw some light on the hold-up at Caldwell, Ky., when five negroes secured \$985 from Paymaster Mullins. Two of the negroes were arrested here by Patrolman Link and turned over to the Pendleton authorities and from the description he gave the police the arrest of Head resulted.

Negro Shot Improving.

James Nichols, who shot and killed James Parker, near Jacksonville, and who was himself thought to be fatally shot, is improving and will recover. Nichols was shot twice, one ball penetrating his thigh, ranged upward, and was thought to have entered his stomach, and the other entered the calf of the leg. As soon as his condition will permit he will have his examining trial before Judge Denis Dundon.

Buys Bourbon County Horses.

J. Samoyoa, Jr., a Central American, who was in this section some time ago to buy some fine horses through C. L. Kerr, of Lexington, from Mr. H. A. Power, of Paris a pair of 15.1 hand five-year-old bay mares, Ruth Finch and Hilda Brown, by Taylor Simmons. The horses were expressed to New Orleans, Wednesday, thence by boat to Central America.

Arrested On Larceny Charge.

Patrolmen G. N. McKenney and James Moreland arrested Will Ford, colored, on a larceny charge. Ford was charged with stealing several articles of wearing apparel and a revolver from an employee of a construction camp at Kiserston, and complaint to the local police resulted in his arrest at a resort in Judy's lane, Monday night. When taken into custody he was wearing the suit of clothes which he had taken besides other articles. When questioned he denied knowing anything about the revolver and said he merely borrowed the wearing apparel, intending to return it to its owner.

Ford was tried before Squire Fretwell Wednesday morning and given 120 days in jail.

Negro Draws Heavy Fine.

A jury in police court Tuesday afternoon brought in a verdict of \$50 fine and 30 days in jail against Harvey Derrickson, colored, for being disorderly on an L. and N. passenger train. Derrickson is alleged to have boarded a passenger train at the Paris depot and was standing on the platform when ordered into the coach by the flagman, O. T. Mattox, of Cynthiana. Refusing, he was led to a seat and later became abusive toward the official, who took him in charge and put him off the train. Derrickson was arrested and at his trial last Saturday the jury disagreed. Another jury was summoned Tuesday to try the case. An appeal was taken to the Circuit Court and the accused was released on bond pending the outcome of his case in the higher court.

In the police court, Wednesday, Judge January imposed the following fines: General Williams, loitering, \$7.50; Louisa Leer, breach of the peace, \$7.50; Annie Smedley, provoking an assault, dismissed; Harold Derrickson, drunk and disorderly on an L. and N. train, the limit, \$52.50 fine and thirty days in jail; Birdie Steele, provoking an assault, \$7.50. The last two were jury cases.

Just to Better Satisfy Our Customers.

We have now added to our already complete equipment the latest invention in a collar finishing machine! On this machine, the operator places a collar over a circular steel band, as shown in the picture above, which fits into a steam heated groove, and by pressing the collar firmly for a few seconds simply moulds it into perfect shape. It is the only machine on the market which spreads the collar so there is ample space for your tie to slip and which gives your linen a 50 per cent. longer life because it eliminates all friction and absolutely does away with cracking and rough edges.

To demonstrate the fact that this machine will not tear or wear your linen, an ordinary collar was subjected to 25,000 consecutive pressings and showed no signs of wear.

We will be delighted to have you call and see the machine in operation, also many other improved devices which we have added in our endeavor to set the Blue Grass standard for quality Laundry Work.

Trimble's Book.

Hon. South Trimble, former Congress-
man from the Seventh district, and
at present Clerk of the National
House of Representatives, has just
compiled a neat little book, containing
the full text of the two great political
parties from 1856 to 1912. It is one
of the most valuable books of the kind
to be had and should be read by every
citizen of the nation who is anxious to
be well informed on the doctrines of
the great political parties.

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure
is the only positive cure now known to
the medical fraternity. Catarrh be-
ing a constitutional disease, requires a
constitutional treatment. Hall's Catarrh
Cure is taken internally, acting
directly upon the blood and mucous
surfaces of the system, thereby de-
stroying the foundation of the disease,
and giving the patient strength by
building up the constitution and assist-
ing nature in doing its work. The
proprietors have so much faith in its
curative powers that they offer One
Hundred Dollars for any case that it
fails to cure. Send for list of testimo-

Salmon Eat Herring.

Thousands of salmon have been
caught in streams and examined and
their stomachs and insides were empty.
But it is not uncommon to catch them
in the sea and find in them half a
dozen herring. After the salmon
has been in a river for a time the lin-
ing of the stomach becomes all drawn
up and wrinkled. Just why the sal-
mon avoids feeding in fresh water no
one knows.

Warts.

To destroy warts, make a strong
solution of common washing soda and
water. Bathe the warts with this for
a minute or two, and let the soda dry
on them; repeat the bathing several
times a day until the warts disappear.
Or rub them night and morning with
a moistened piece of muriate of am-
monia. They soften and dwindle
away, leaving no white marks as fol-
low their dispersion with lunar caus-
tic.

GIRL LEAPS CLEAR AS MACHINE FALLS

Carried Aloft Involuntarily, Only
Her Nimble Jump Prevents
Death Amid Wreckage.

New York.—Miss Bernetta Muller of
39 West Sixty-seventh street, whose
home is in Canton, O., has been a pup-
il of an aviation school at Mineola,
L. I., for the past week, but had only
been permitted to drive a monoplane
on the ground. The "elevator" of the
machine had been kept tied down so
that no mischance might send the craft
soaring into the air.

When Miss Muller started out the
other morning she thought the usual
provision against sudden flight had
been made, but in her absence some
one had tampered with the bonds and
the "elevator" was quite free to go

into action if the right lever were
moved.

The girl had been driving over the
lawn for several minutes when she in-
advertently grasped the lever that put
the flying mechanism into play. In-
stantly the craft started heavenward.

Miss Muller was frightened. She
jerked furiously at one lever after an-
other, but in a twinkling the plane was
20 feet in the air.

Then the girl of twenty-two, realiz-
ing that she was powerless to stop up-
ward flight, decided to take chances
on coming down and shut off the mo-
tor.

The machine, with the motor stop-
ped, dropped earthward like a spent
rocket. The girl made no attempt to
guide the downward plunge, but just
when another instant would have seen
her crushed amid the wreckage of the
steel car, she seemed to gather her
wits. The bystanders heard a little
cry and then the girl's body shot out
and landed a few feet from the mono-
plane, just as it crumbled into a
twisted mass of steel. She had tried
to jump clear of the wreckage and her
success had saved her life.

PIRATES SEIZE ITALIAN BARK

Crew of Ship Then Forced Into Small
Boats Without Water or
Provisions.

New York.—When the steamer Al-
lemania arrived in port the other day,
a thrilling story of shipwreck and at-
tack by pirates was told by 13 sailors
of the Italian bark Genoa, on board
the Allemania, and rescued by the lat-
ter boat when in a desperate plight at
Inagua, the Bahamas.

After working the pumps for several
days, the crew were on the point of de-

serting the bark and taking to the
boats when a number of small boats
came alongside, and the occupants of
these boats, numbering more than 100,
armed with guns and revolvers, board-
ed the Genoa, and ordered the crew to
surrender. An attempt was made by
the crew to scuttle the Genoa, and a
fight ensued in which the defenders
were badly worsted. They were then
ordered into the small boats, without
water or provisions.

After rowing aimlessly for two days,
the crew of the Genoa made land at
one of the smaller Bahamas, and wait-
ed a signal of distress, which was
seen by the Allemania's lookout.

CHARLIE WHITEMOON, the Cow Boy Herbalist

3729-31 W. Broadway, Louisville, Ky.

Deep down in every human heart lies a NATURAL desire for NATURE'S medicines, Roots & Herbs.
Too long have the secrets of nature been neglected, too long have people disregarded God's promises. Modern doctors think only of "operations" & strong drugs, while human suffering & deaths from disease in-
crease rapidly every year. Health is natural, disease unnatural. My years of experience as a Cow-boy
& among the Indians give me a peculiar fitness & knowledge of the powers of Roots & Herbs as medicines,
my remedies have cured & are curing Blood Poison, Lung Trouble, Kidney, Bladder, Liver, Female & Skin
diseases, Rheumatism, Dropsy, Catarrh, Nervous & Stomach Troubles that were pronounced incurable by the
best doctors. I want to PROVE this to the world & to any one asking, I will mail the greatest book of its
kind ever published, entitled "THE COW-BOY HERBALIST," absolutely free. If you are not enjoying ALL
the blessings of perfect health, your duty demands that you INVESTIGATE MY CLAIMS. All letters of
inquiry promptly answered.

The Lexington Leader in its account of the auto parade in Lexington Monday, had the following: "Mr. and Mrs. A. F. Wheeler had a decorated car which showed the loveliest shades of pink and lavender. The ground work was of pink petals covering fenders, body and running gear, all edges trimmed with fleur-de-lis. There were pink tulle bows on each side the flower-decked wind shield and the cylinder head was a great white swan from whose neck extended pale lavender pink reins held by little Miss Artie Lee Wheeler, of Paris."

Hospital Contract Awarded.

The trustees of the W. W. Mason Memorial Hospital, Mrs. E. F. Clay and Mrs. W. E. Simms, Monday afternoon let the contract for the reconstruction of the G. G. White property in White Addition, which was purchased for the hospital, to the Danville Construction Co., of Danville, Ky.
The work will include the installation of a hydraulic elevator, a steam heating apparatus, the rearrangement of the interior into wards, private rooms, consultation and operating rooms. The improvements will be completed in four months, when the institution will be formally opened for occupancy.
It was the intention of the trustees to include in the improvements the construction of a ward for colored people, but this has been abandoned for the present, owing to the lack of funds.

Ex-Parisian Playing Vaudeville.

Those who visit the Paris Grand tonight will have the pleasure of seeing one of the grand old men of vaudeville and an ex-Parisian in the bargain. Few of the old timers remember Fitzhugh Lee when he was a mere boy living in this city, later developing into a theatrical performer of wide renown.

Mr. Lee is one of the few to leave here who have made a success in the business and his efforts so far have been crowned with success. It can be called to mind that about three years ago he visited Paris and was given a rousing reception.

Mr. Lee was born in Paris and lived here during the early part of his life. His father was engaged in business in this city and conducted a tin shop in the building which is now occupied by Mr. Charles Mitchell on Main street. He has been on the stage for a number of years, and his latest venture in the business has proved highly pleasing to theatre goers.

The Fitzhugh Lee company presents an illusion act that is clever in the extreme and those who can call it to mind from the occasion of his most recent visit to his old home will remember it as a pleasing performance.

—Mrs. W. W. Judy and Mrs. Jos. M. Rion entertained at cards yesterday afternoon at the home of Mrs. Rion on West Second street, for Mrs. Houston Rion. The color was pink and white which were carried out in the refreshments and the seasonal yellow flowers were the attractive decorations. There were ten tables and the guests engaged in six-hand euchre. Refreshments of individual ices and cakes and pink and white mints were served. This afternoon Messrs. Sena Rion and Judy will entertain with a Thimble party for Mrs. Houston Rion.

Running On Double Track.

The Louisville and Nashville railroad this week, has been running over a large portion of its double track between Paris and Covington. The track between Third street in this city and Talbott Station is completed and the fast trains are daily running over the new line. Workmen were engaged in laying steel for the new track through the Duncan avenue cut and in a few days the section between the Paris depot and Third street will be ready for traffic. Trains are also running over the double track at various points between Paris and Covington, but in many places on the road remains unfinished.

Changes In Local Postoffice.

Mr. White F. Varden, who for the past eight years has been connected with the local postoffice in the capacity of clerk has tendered his resignation to Postmaster N. A. Moore, to become effective September 1. Mr. Varden has accepted a position with the R. J. Reynolds Tobacco Company, of Lexington, and will enter on his new position that date.

The resignation of Mr. Varden will occasion several changes in the local office. He will be succeeded in the clerkship by Mr. Wm. Cooper, who has been the clerk at the general delivery window, and Mr. Perry McCord, who has been one of the city carriers, succeeds to the position made vacant by the promotion of Mr. McCord, while Homer Shy, who has been acting as a substitute carrier, will go on regular to fill Mr. McCord's place. The remainder of the postoffice force will be unchanged.

Burglaries Are Numerous In Paris.

During the past few nights burglaries have been numerous in this city. Tuesday night entrance was effected into three Main street stores but the booty secured by the prowlers was very small, but several nights ago the store of Geo. S. Varden & Son was entered and a considerable sum of money was secured.

Tuesday night burglars entered the jewelry store of Mr. C. O. Hinton, effecting an entrance by raising a rear window of the house. Nothing in the store was disturbed. A small amount of cash in the drawer was untouched and several watches left on the repair table were undisturbed. A dog belonging to Mr. John Sauer frightened the intruder away.

At the drygoods store of Frank & Co., an entrance was effected by throwing a brick through a large window which opens on a stairway in the rear of the store, by which the intruder was enabled to unfasten the sash. The missile was thrown with such force as to fall on one of the show cases some distance away. Here the burglar secured the sum of \$10. Mr. and Mrs. Embry who resides on Pleasant street in the rear of the store were awakened by the noise of the breaking glass but thinking it was accidental were not alarmed. The thief took the precaution to turn out two of the lights which were left burning.

The third store to be burglarized was that of Clark & Co., whose rear yard adjoins that of Frank & Co. The fastening of a rear window was forced and the sash lowered. The thief secured a number of cigars and some fine razors but left the cash drawer untouched. The exit was made through the back door.

The thief or thieves left no clue that would lead to their apprehension and it is believed by the police that the work was done by amateurs. Patrolman Fred Link took two men into custody Wednesday morning on suspicion, but they were later released when their identity was established and they were ordered to leave town.

Last week the drug store of G. S. Varden was burglarized and a considerable sum of money was taken from the cash drawer. The proprietors of the store are unable to estimate the loss, but it is believed to exceed \$50.

The police believe the burglaries were committed by a number of tramps that have been in the community recently, and who after committing the thefts left for other localities.

BOURBON CIRCUIT COURT.

Robt. H. Wilson and Isaac Wilson, Plaintiffs
Vs. - Notice of Sale.
Sallie C. Corbin, Etc., Defendants.

Under and by virtue of a judgment of the Bourbon Circuit Court, rendered in the above styled action, at the June, 1912, term, the undersigned Special Commissioner of the Bourbon Circuit Court, will sell at public auction to the highest and best bidder at the court house door, in the City of Paris, Ky., about the hour of 11 o'clock a. m., on

Monday, September 2, 1912,

the following described property:
That certain tract of land in Bourbon County, Kentucky, on the Harp and Innis turnpike, about seven miles from the City of Paris, containing about 118 acres, known as the Corbin farm. About thirty acres thereof being on the northeast side of said turnpike and the remainder on the opposite side thereof. Said land is adjoining the Steele heirs on the north and John J. Piper and John J. Piper on the south, and John J. Piper and Mrs. Agnes Jacoby on the west side, and being the same tract of land conveyed by Tazewell Marr and T. K. and B. B. Marsh, in trust for Rachel Corbin and her children, by deed of record in the office of the Clerk of Bourbon County Court in Deed Book 44, Page 253.

Said sale being made to satisfy a judgment of Robt. H. Wilson against the defendants, Sallie C. Corbin and Mattie Corbin, for the sum of \$4,000, with 6 per cent interest from the 19th day of Mar. 1910, until paid, and for the further judgment of Isaac M. Wilson against said defendants for the sum of \$2,000.00, with 6 per cent interest from the 19th day of March, 1910, until paid, and the additional sum of \$177.10 court costs.

Said sale will be made upon the credits of six, twelve and eighteen months for equal parts of purchase money, the purchaser being required to execute bond for equal installments of the purchase price, with good security, to be approved by said Master Commissioner, payable to said Commissioner, and bearing interest at the rate of 6 per cent per annum from date of sale until paid, and to remain a lien upon said property until fully paid, and to have the force and effect of a judgment.

DR. DOLLE'S MESSAGE TO MEN
YOU CAN BE CURED BY

IN CINCINNATI

Why Take Treatment That Is Doing You No Good, When a Few Days under the care of Dr. Dolle Will Show You How Easy It Is to Cure These Diseases When the Proper Treatment is Administered.

Have you treated for months and years, and been disappointed until you think that you cannot be cured? Don't doubt, all this time have been treated by inexperienced doctors who had neither sufficient knowledge nor experience to know how to cure you.

These are the diseases of which I have cured so many, by giving me the reputation for curing of which I am so proud.

Blood Diseases, Skin Diseases
I will give you treatment that will in a few days cure all rash, spots and every skin eruption. My treatment gets the poison out of the system instead of driving it in like ordinary treatments. I cure blood diseases and skin diseases so they cannot come back.

Varicose, causing aching or pain in groin or back, Nervousness, Weakness, Loss of Vitality, Lack of Ambition—

My concentrated cure is what you should have and what you will have to be cured of. Only one visit is required. I do no cutting and you suffer no pain nor trouble. All signs disappear in a few days.

Nervous Troubles, Lost Vitality
My combined treatment for these troubles so common among those who have become weak and worn out, who have caused it by folly, dissipation and excesses, is remarkably good. No one believes how quickly it benefits until they have taken it.

It overcomes weakness, nervousness, pain in back, loss of energy, ambition and strength—it is the treatment I have found so effective in treating such diseases.

Kidney and Bladder Troubles
Scientifically cured by me. My methods immediately benefit you, and the majority of cases cure come from physicians and specialists who failed.

Piles, Fistulae—I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for without a surgical operation.

Acute Diseases—Itching, Burning
remedies seldom cure. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured so it will not come back.

You can take my Treatment without a cent and pay me after I cure you. I know that I can give you new life, now hope, and can restore you back to health and happiness. I know that every man will pay after I have eliminated every trace of disease from his system. Microscopic and analytical urinalysis FREE. I have written a book that ought to be in the hands of every suffering man in this country. I will send you a copy, free, if you will write me at once the disease for which you desire treatment.

Hours, 9 to 4; Sundays, 9 to 2 p. m. Evenings, 7 to 9, on Monday, Wednesday and Saturday nights.

ARMED THUG TREATS
MAN HE HELD UP

Robber Makes Bartender Give Half-Dollar at Time and Then "Sets 'em Up."

Chicago.—Henry Johns, a bartender at 634 South State street, is of the charitable sort, so he readily complied when a burly individual entered his place of business the other night and demanded a drink.

He wasn't much concerned even when the thankless patrons asked for and consumed another without producing any money. But his astonishment grew when the fellow asked him to give him half a dollar.

"I can't give you a half," said Johns.

"Oh, yes, you can," came the answer in an ironic tone, as the man

Exhibited Two Large Revolvers.

pulled back his coat and by turning slightly one side of his body and then the other exhibited two large revolvers bulging from his pockets. Johns acquiesced. The man pocketed the half and said:

"Guess you'd better give another."

Johns agreed. The burly solicitor repeated his demand for coins of the half-dollar denomination until Johns' hands were weary with punching the cash register and the till was empty of coins. A stranger strolled in.

"Have a drink, stranger," said the man.

"Don't care for any," was the reply.

"Oh, yes, you do," and the man went through the performance of exhibiting his weapons.

"I'll take a beer," said the stranger. The armed man became affable. He invited the bartender to drink with him, and shook hands agreeably all around.

A few moments later Patrolman J. H. Loeck walked in while the man was shaking hands with Johns again, seized and disarmed him.

AN UNFINISHED WAR STORY

Cannon Cracker Placed Under Chair of Old Soldier Puts End to Discourse.

Marshall, Mo.—A very dangerous practical joke was perpetrated the other day in front of Smith's barn in West Marshall, but fortunately attended by no serious results.

John McClevern, an ex-Confederate and a story teller of some note, occupied a chair in front of the barber

He Was Lifted Nearly to the Second Story.

shop, and was engaged in relating his Gettysburg experiences.

"Our infantry charged the enemy. We were driven back inch by inch; our gallant captain urged us on; we made another rush and to the music of the band, and the roll of the musketry and the booming of cannon—"

In the meantime one of the employees with a left-over cannon cracker slipped up behind Mr. McClevern and at the critical moment applied the match and carefully and noiselessly placed it under the chair. "Cannon" was the soldier's last word; he was lifted nearly to the second story of the barn and was stripped of hat, coat and vest in his flight.

REMINGTON-UMC
ARROW and NITRO CLUB
Steel Lined SHOT SHELLS
The Remington-UMC cut into a good one.

Each and Every One a Speed Shell

The speed that breaks your targets nearer the trap. That's why Remington-UMC Steel Lined Shells have won 13 out of the 15 Handicaps held in the last three years.

The speed that gets that mile-a-minute "duck" with a shorter lead—that's why it takes over 50,000 dealers to handle the demand for Remington-UMC Steel Lined Shells.

The Shooting fraternity are speed wise. They know loose smokeless powder won't drive shot. They know that the drive depends on the compression.

The powder charge in Remington-UMC shells is gripped in steel. This lining is designed to give the exact compression necessary to send the load to the mark quickest. It insures speed—the same speed in every shell.

The steel lining is moisture proof—no dampness can get through. Jar proof—no powder can get out. Waste proof—no energy is lost.

HUGE FREAK FISH PUTS UP A FIGHT

New Jersey Fisherman Lands Queer Specimen Five Feet Long After Hard Fight.

TWO ROWS OF TEETH

The Monster That Is a Cross Between Alligator and "Jersey Devil" Will Be Sent to Smithsonian Institution to Be Identified.

Philadelphia.—Attacked by a mysterious creature, variously described as a "monstrous amphibious animal" and a "furious freak fish," Daniel Miller, a shad fisherman, was rescued from harm by his companion, Harry Taylor, in the Delaware river off Gloucester, N. J.

For five minutes after the creature had been hauled into their boat it gave battle. Until Miller became exhausted he fought the attacks with his fists. Taylor, who was operating the boat, was afraid to leave his position while the battle waged, for fear the boat would capsize.

Miller, who is one of the oldest fishermen in Gloucester, accompanied by Taylor, set out with nets for shad early this morning. Shortly before noon, when they were preparing to return home with their supply of fish, they pulled in the net.

As they brought it to the surface the weight became, noticeably heavy. There was a constant jerking at the ropes. At last they were unable to pull the net any higher and lashed it to the side of the boat. When Miller opened the net the creature sprang from the water at him. The force sent Miller sprawling into the middle of the boat. The creature, which had two rows of long teeth, snapped at him viciously.

When the fishermen finally landed their "catch" on land, hundreds of persons flocked to see the creature. It was taken to Miller's boathouse. Fishermen who have seen and caught many kinds of fish shook their heads

The Creature Sprang From the Water.

when asked what they thought the thing was.

The creature measures 5 feet 4 inches from the head to the end of the tail. The tail alone measures 3 feet. The head resembles the head of a large "snapper" and is not unlike that of an alligator. It has twenty teeth, some short and ragged, while those in the front are shaped like a dog's, long and pointed.

On its broad dgray back are scales from one to two inches in length, which overlap one another. The creature has four feet, like those of an alligator. When standing it would be about a foot from the ground. The tail, shaped like a huge cone, resembles the tail of an alligator.

A number of the oldest fishermen believed at first that the creature was a lizard more than two centuries old, while others declared that the thing answers to the description of the "Jersey devil," which several years ago gave the entire eastern states a fright.

The thing will be kept by Mr. Miller at his bath house and placed on exhibition for a few days. In the meantime the scientific authorities at Washington have been asked to examine the creature and pass judgment as to what it may be.

Germs Busy After Thirty Years.

Rising Sun, Md.—Scarlet fever germs that had been in the house for thirty years, physicians claim, are responsible for the illness of Stanley, the young son of Mr. and Mrs. Luther McCordell of New Valley. Several deaths from the disease have occurred in the house and recently when the interior of the house was altered in the dust under the old wall paper Dr. Ernest Rowland of Liberty Grove found living fever germs.

Only Half Body Perspires.

Central Village, Conn.—An employee of one of the factories here, named Van Nessa, has furnished a puzzling problem for the doctors. The man perspires on only one side of his body, the other side being dry as a bone. Asked what he thought was the reason for this peculiar condition Van Nessa said: "Well, my father was French and my mother German, and possibly the German dried up the French part of me."

You Want the Best— Not the Cheapest

Flanders "20" Roadster, \$750

Don't be alarmed if somebody tells you you can buy an automobile for less money than the \$750 Studebaker-Flanders "20." You can, but you better not. The Flanders "20" corresponds point by point with the best and highest priced cars sold. Cheaper cars at every vital point are built on ideas long ago discarded for good cars. Don't take our word for it. Make comparisons and see.

The Studebaker-Flanders "20" is a marvel—a high grade modern car at a low price. If you pay less you buy much less. And the cheaper car today will cost you far more in the long run. The competing car isn't sold which the Studebaker Corporation, the greatest automobile manufacturers in the world, couldn't reproduce for less money; but we won't build a cheap car, because the name "Studebaker" means the best for your money.

If you are content with a car that runs today and dies tomorrow, don't buy the \$750 Flanders "20." It will wear for years. Remember this—the Studebaker-Flanders "20" will outwear 2 to 1 any other car under \$1100 and give you double satisfaction, confidence and comfort into the bargain.

Local Men Organize Coal Company.

A gigantic coal company with a capitalization of \$10,000 to develop a large coal field in Morgan county was the plan set forward at a meeting of several prominent men of Paris and Lexington held here Wednesday afternoon. Practically all of the stock of the concern has been subscribed and it will be incorporated in Bourbon county under the State law.

The company will be known as the Coney-Cannel Coal Company and more than two hundred acres of valuable coal lands in Morgan county will be developed. At the head of the company is Mr. P. J. Johnson, of Lexington, who will fill the office of President and Dr. F. M. Faries was made Vice President, while Lee Starke, of this city, is Secretary and Treasurer. Dr. Wm. Kenney, of Paris, is a member of the directorate.

The company owns two hundred acres of rich coal lands in Morgan county, which it plans to develop and the work will begin as shortly after the company is incorporated as possible. The lands in Morgan county are easily accessible, and connect with the O. and K. railroad, which branch forms a part of the L. and E. railroad. The promoters of the enterprise plan to operate several coal mines and are very much enthused with the prospects of an immense output of a very fine quality of coal. Offices of the concern will be opened in Paris in the next few weeks.

Dr. Dailey went to bed Friday night as well as usual. In the night he roused up with a severe pain in that toe. His brother, Dr. M. H. Dailey, of Paris, came down for him in an automobile and took him to Paris, where Dr. Daugherty and Ethian lanced the toe in several places. The foot was badly swollen and blood poison had already developed. Dr. Dailey is retaining as comfortably as can be expected.

Investigation May Cause Shake-Up.

A general shake-up may be the result from the investigation of the school census of the city of Paris, which has been in progress for the past several days, conducted by Messrs. Marion Pogue and T. W. Vinson, inspectors sent here from the Educational Department at Frankfort.

While those in charge of the investigation will give out nothing for publication, there is a common rumor in circulation to the effect that the inspectors will make some startling disclosures when they submit their report, which is likely to take place today.

The inspectors have had before them Mrs. Newton Clark, who compiled the school census of the city, and together the entire list has been gone over. Mr. Vinson left Paris Wednesday for Frankfort, while Mr. Pogue remained to complete the work to which he had been assigned.

DEATHS.

TAMME.

—Mrs. Anna Tamme, aged 70 years, died at her home near Danville, Tuesday morning, after an illness of several weeks from heart trouble. She was the wife of Mr. Frank Tamme, formerly of Bourbon county, and had only recently celebrated her golden wedding. She is survived by nine children — Mrs. Anna Helberg, of Brown county, O., Messrs. Will, John, Fred and Louis Tamme, Misses Minnie, Eldith and Emma Tamme, and Mrs. M. F. German, of Boyle county. Interment took place yesterday morning in the Catholic cemetery at Danville, following services at the church.

TUTTLE.

—Mrs. Mary Tuttle, aged 61 years, died at the home of her son-in-law, Mr. Stanton Rummans, on Walker's avenue, Wednesday evening about five o'clock after an illness extending over a period of one year.

Mrs. Tuttle has been in declining health for about four years, suffering from Bright's disease and for the past year her condition has been such as to cause great alarm among the members of her family.

She is survived by six children — Mr. James Tuttle, of California; Mr. William Tuttle, of near Lexington; Mrs. Clarence Ecton, of Winchester; Miss Lizzie Tuttle, Mrs. Minnie Rummans and Mrs. Jennie Perkins, of Paris. One brother Mr. W. O. Brook, Sheriff of Clark county, also survives.

The remains will be taken to Winchester this morning leaving the home of Mr. Rummans on Walker's avenue at 7 o'clock for Winchester where services will be held at the grave in the Winchester cemetery, conducted by the Rev. Mr. Wright.

RELIGIOUS.

—A very successful meeting has been conducted at the Spears Mill Baptist church, near this city, by Evangelist J. B. Ennis, of Lexington, resulting in seventeen additions to the church. An all-day meeting was held Sunday and dinner was served on the ground. The church was far too small to hold the crowd that attended the service, many coming for miles to hear the evangelist. Rev. J. W. Clark, of Owensville, former pastor of the Paris church, will baptize those who confessed faith during the meeting, Wednesday.

—Rev. Dimmitt will begin a protracted meeting at the Clintonville Christian church Sunday evening.

Never Complain Against Hello "Hello Girl."

Although he has used the telephone practically ever since it has been invented Dr. Geo. H. Detwiler, pastor of the West End Methodist church, Chicago, said in a recent sermon that he had never found cause for complaint against the telephone girl. Dr. Detwiler delivered a sermon upon "Courtesy," and severely criticized some people on their conduct. He referred to a church member who had spoken in such a manner to a street car conductor that he was compelled to make an apology to the company. He showed how it pays to be courteous on trains, in hotels and other places. On several occasions he showed how by standing aside quietly when there was a scramble and confusion he had secured the best room in a hotel, and a lower berth in a Pullman car, while others in a scramble ahead of him lost out.

Dr. Detwiler showed how courtesy is a big factor in practical religion. He admitted that there are provocations and sometimes things don't work exactly right. In using the telephone when this occurs he thinks of how the operator has been at her post since 7 o'clock in the morning and has been persecuted by many others, and he is willing to hold his peace. Dr. Detwiler said there is probably nothing more harmful to the church than the short of downright viciousness that lack of kindly courteousness on the part of those claiming to be disciples of Christ.

Paris Again Downs the Orphans.

At White Park yesterday afternoon the Bourbonites, for the second time this week, took into camp the lowly Orphans by a score of 4 to 1, and moved above the Richmond team in the percentage.

Dunlap was on the mound for the locals and kept them well in hand throughout the contest. Only in one inning did he allow the visitors to bunch hits and this was responsible for the only run scored by the cellar champs.

Errors were responsible for two of the runs scored by the Paris team, but timely hitting netted the remainder. Dunlap was wild at stages, but was successful in securing control and very effective in pinches.

The Bourbonites put up a splendid game, not an error being registered against them throughout the contest. The fielding of Locke was a feature.

Richmond losing to Frankfort yesterday afternoon put Paris a few points to the good in fourth position, with Lexington within hailing distance in the advance. There is a possibility that Paris may close the season in the first division and with this object in view, the services of another pitcher have been secured and he will report to the local club at Maysville.

Today Paris will go to the river town for a series of three games and will make an effort to come out with the long end. This series will probably determine the result in the finish and the locals are determined to trounce the Rivermen in at least two of the games.

TUESDAY.

In the double header with the Pioneers at Richmond Tuesday, Paris won the first by a score of 3 to 1 and the second 10 to 5. Apulegate was on the rubber for Paris in the first exhibition and Dunlap, who was driven from the rubber in the game Monday came back and held the visitors to six hits. The five runs made by the Pioneers came in the first two innings.

WEDNESDAY.

Paris easily defeated the Orphans in Mt. Sterling, Wednesday afternoon, winning by a score of 11 to 1. Hausler, who pitched for Paris was never in danger of defeat, as his teammates were hitting well behind him while his effectiveness kept the Orphan batters guessing throughout the game.

Girls Take the Lead.

Judging by the facts, women are pretty fully in possession of formal education. If we examine this monopoly a little more carefully we shall find that while in the kindergarten and in the elementary schools boys furnish 51 per cent of the enrollment, simply because more boys are born in civilized communities than girls, as soon as we reach the high schools girls increasingly take the lead.

Fined For Selling Lipuor.

At Carlisle, Lewis Ishmael was fined \$100 and costs in Justice J. T. Clay's court on a charge of violating the local option liquor laws, and six other warrants against him, on similar charges, were filed away with leave to redocket in case he should violate the local option laws. Five indictments were returned against him by the grand jury in the Nicholas Circuit Court, charging violation of the local option laws.

His "American Name."

A small Italian boy, after due attendance upon the public school, asked his teacher if he might not change his name and have, instead of his true patronymic, "a Merican name." "What name would you like?" asked the teacher. Proudly the lad produced a scrap of paper on which was written—"Patrick Dennis McCarthy."

Whisky Consumption Increases.

The people of the United States produced more whisky and rum and smoked more cigarettes during the fiscal year, 1912 than ever before in the history of the country, according to the preliminary annual report of Royal P. Cabell, Commissioner of Internal Revenue, submitted to Secretary MacVeagh, Tuesday. The consumption of whisky was exceeded only by the year of 1907, but beer drinking fell off substantially.

FOR SALE.

Dix Cutting Box No. 2, in good condition. Will sell cheap.
 16-2t D. W. PEED.

STOCK, CROP AND FARM NOTES.

—W. A. Thompson bought an aged mule in Lexington, Monday for \$150.

—Tobacco cutting has begun in some sections of Montgomery county. The tobacco is said to be in excellent condition for housing.

—On the farm of Thomas Mynes, on the Rattles Mill pike, a Jersey cow gave birth to two fine calves, one a Jersey and the other a red calf.

—George Williams Clay, of Paris, has sold from his farm on the Winchester pike, 150 head of grass fed cattle, to be delivered November 31, to Jonas Weil, of Lexington, at \$6.00 per hundred pounds.

—Robert C. Gatewood, of Montgomery, sold to Greenwald, of Chicago, and Monte Fox, of Danville, 315 head of export cattle for 8 cents per pound. The entire lot averages 1,500 pounds and the total amount of the purchase will reach \$30,000.

—Stock cattle are becoming scarce in the Blue Grass that farm of this section are compelled to go to other states to restock their flocks. W. R. Bowman, and Charles Lane, leading Fayette county farmers, have just returned from St. Louis, where they purchased 300 head at fancy prices which will be placed on their farms in the southern section of the county.

—The wheat crop in Bourbon county this year is reported as averaging up well, and, as a rule, it is of good quality. The grain is being eagerly sought after by the dealers and the prevailing price is \$1 per bushel although several small sales have been made at \$1.03 and \$1.05 per bushel. The prices being paid for wheat in Paris has been unaffected by the slump in Chicago, which is attributed to the fact that most of our grain is used for local consumption.

—The Winchester Democrat says: "Peaches that weigh 14 oz. are nothing for this section, for Mr. Winn, the furniture man, is displaying some in his store, which grew at his home on Main street. He has a big crop on two trees and they are perfect in shape. Mr. Winn does not know the variety, but to secure a paving price for the 1912 crop of tobacco, according to a dispatch from Owensville. This movement is believed to be inspired by the Farmers' Union sentiment, which is known to be strong in that section of the State, where the Union has a co-operative store and large membership.

—CARLISLE COURT—The Mercury says: "There was a big crowd in Carlisle Monday and considerable stock changed hands. The greatest interest centered in the weanling mule market and something like fifty or seventy-five were sold at prices ranging from \$50 to \$125. H. N. Rankin was the largest buyer, he having secured forty head. Medium cattle sold at from 41-2 to 51-2 cents. Hogs at 61-2 to 71-2 cents. Quite a number of sheep offered and a few sold at fair prices. The traders on the streets were quite active during the day, but were cautious in buying.

—Heavy rains in portions of Nicholas county have caused considerable damage to land. In some places land prepared for alfalfa has been literally washed to pieces, while tobacco and corn land has been greatly damaged. The rain, extending over most of the county, has been of great value to growing crops, the condition of which on the average greatly is improved. The tobacco in sections is short, but with a favorable season will grow out. In some parts of the county, where it has been dry, the corn is very poor and will not make half a crop. Where it has been reasonable the corn crop will be about an average.

—The House Tuesday afternoon passed the wool bill over President Taft's veto. One hundred and seventy-four members voted yes, eighty voted nay, and ten "present." Nineteen Republicans voted with the Democrats to pass the bill over the veto. Speaker Clark set the Democrats wild by ruling that ten members who voted "present" were not to be counted in the final vote, and that Democrats had therefore carried the bill over the President's head. By eliminating the ten members who voted "present" the total number on the floor was reduced from 264 to 254, and 174 was constituted a two-third majority.

—That Kentucky farmers actually lost \$3.50 on every acre of wheat they raised this year was the declaration made by J. V. Newman, Commissioner of Agriculture, in a statement to the Educational Committee of the Louisville Commercial Club. Commissioner Newman has completed his crop report which shows that the average yield of wheat per acre in the State for 1912 was 9.3 bushels, while governments reports show ten bushels, the two being very close. Either figure he said, would mean a loss of more than \$3 an acre for wheat raised in Kentucky in 1912. Lack of agricultural knowledge he held responsible for this poor showing.
